

The Steve Manick Family Presents:

What We Did on Our Summer Vacation

Hawaïi, 2007

First we went to Honolulu, Oahu.

We had a nice view of Waikiki Beach from our balcony.

We spent most of our time on Waikiki Beach...

... and then relaxed and snorkeled at Hanauma Bay.

Then we went to Maui and stayed at our favorite hotel.

We had a great ocean view of Ka'anapali Beach.

The grounds are very pretty at night...

... and our favorite restaurant has a great view of Lahaina.

Our hotel has wildlife in the lobby...

... and entertainment for all ages.

There were lots of great sunsets...

... lots of them...

... and they were all unique...

... it seemed like there was a sunset every night.

The palm trees are very pretty...

... and there were many nice views...

... but sometimes people would block our view of the ocean.

I was especially impressed with the surfers.

But most of all, we all had a great time...

So, here today, gone to Maui...
